Your crew is enthusiastically invited to attend the 2021 Watchu Mountain Adventure!!

**Saturday, May 1st and Sunday, May 2nd
Mount Allamuchy Scout Reservation**

The Watchu Mountain Adventure will be the highlight of your entire Watchu Experience - the opportunity to put all you have learned to the test in a simulated Philmont environment and the chance to ask questions of experienced Philmont veterans during presentations on every aspect of a Philmont trek. Hopefully you and your crew will leave chomping at the bit to get into the Magic Mountains of the Philmont backcountry.

While there are two separate schedules, Green and White; both schedules include the same activities. The check-in times will be different on Saturday and Sunday, with crews arriving at 8:00am one day and 9:00am the other. It is essential that the full crew arrive at the proper time each day - if you are not caravanning as a group, set up a meeting location close to Mount Allamuchy Scout Reservation and only proceed to Watchu Mountain when everyone is present.

Cell Phone Reminder: Each crew should carry at least one cell phone throughout the Watchu Mountain Adventure. Cell numbers will be recorded at Check-in in case your

crew needs to be contacted in an emergency and crews will be given a telephone number to use if they need to contact the Watchu staff.

Tip: The Watchu Mountain Adventure will work much better if all members of your crew have read their *Guidebook to Adventure* beforehand. Also, all advisors should have read the other material sent from Philmont, especially the *Philmont TREKS - Itinerary Guide*. Bring these important guidebooks and your *Philmanac* with you to the Mountain for your Trail Planning session.

See you on the Mountain!
